

Stop Walmart in Pleasanton!

Walmart, the Bentonville Arkansas based mega-retailer, wants to bring grocery stores to California and destroy the local grocery industry and the quality jobs it provides. Walmart is trying to open their first California store in a closed Nob Hill on Santa Rita Rd. Pleasanton politicians and bureaucrats say nothing can be done to stop it but it can be stopped! The people of Pleasanton can demand the city develop a coherent retail strategy and stop Walmart. We need to act before it's too late!

Here's what you can do:

Attend and speak at the City Council February 7. Tell the City Council to stop Walmart!

Where: Pleasanton City Council Chambers 200 Old Bernal

When: 7PM Tuesday February 7, 2012
